# OPENING THE GATES

To use your clicker, be sure to point it directly at the transmitter shown in the photo.

To use your 4-digit code, press "#" then enter your code.

To use the callbox, your guests can press buttons "A" and "Z" to scroll through the directory. Once they have located your name, they will press "call". You will then receive an automated phone call. To grant them access, press "9".
